Like many supporters, Supervisor John Cook (R-Braddock) has donated blood to the annual Friends of Sadie Valentine blood drive since it began in 2010. In 2013, he is pictured with (from left) Steve Lauer, Sadie’s father; Erin Morrisey Lauer, holding Sadie and Janet Brazel holding Claire. In December, 6-month old Claire was diagnosed with Neuroblastoma, the same cancer as Sadie.

Inspired by one child’s struggle with cancer, Burke community prepares for fifth annual “family-friendly” blood drive to give other children hope.

Sadie’s Gift

Erin and Ethan Lauer of Burke vividly remember the history-making snowstorm that buried the region with more than three feet of hard, wet snow exactly four years ago this week. Dubbed “Snowmageddon” by local and national media, the blizzard shut down most businesses, schools, and the federal government for weeks.

On her 3-month birthday, Sadie was diagnosed with Neuroblastoma, a potentially deadly form of childhood cancer. At 4 1/2, Sadie is still monitored for signs of the disease, but she is a healthy, thriving little girl with a promising future.

When and Where

The 5th Annual Valentine Blood Drive will be held Sunday, Feb. 9, from 9:30 a.m.–5 p.m. at the Woods Community Center, 10100 Wards Grove Circle in Burke.

Participants enjoy the physical and spiritual benefits of the class.

Gibbs is a friendly, affectionate cat who gets along great with other cats. He is very gentle and wants a loving home to call his own! Come meet this affectionate guy today!
Burke Resident Eric Fischer to Perform in Oberlin Conservatory Recitals

Eric Fischer ’14 of Burke has earned the honor of performing in Oberlin Conservatory’s Danenberg Honors Recitals. Over the course of two nights on Feb. 7 and 15, a range of student musicians will perform in the annual Danenberg Honors Recitals in Warner Concert Hall. The concert will feature both solo performers and ensembles, ranging from an organ performance and a historical performance ensemble to a jazz trio performing an original composition. Fischer will sing Gruppe aus dem Tartarus, Standchen, Aufenthalt, and Liebesbotschaft by Schubert.

The recitals are named to honor Emil Charles Danenberg, who served for 30 years as a member of the conservatory piano faculty, and subsequently as dean of the conservatory and as president of the college. Select students are invited to audition for the recitals, and panels of faculty members choose performers who will demonstrate the best that the Conservatory has to offer. The recitals take place in Warner Concert Hall. They are free and open to the public, and will be streamed live through Oberlin’s website.

**OPINION**

**Few Thoughts on General Assembly Action**

Yes, allow homeschoolers access to programs in public school.

I t’s possible that this is not the right bill exactly, and in general, we favor local control. But it is wrongheaded of public schools to force families into a take-it-or-leave-it position.

Families that homeschool their children are likely saving localities more than $10,000 a year in operating costs and take some pressure off overcrowded schools. It makes sense that these students should not only have access to sports, if they can meet the requirements, but they should also have access to other extracurricular activities and even some classes.

Public schools need to provide the best for all students in their jurisdiction. This is HB63.

**Are We Barbarians?**

Testimony stated that on occasion the clothing of the person in the electric chair would burst into flames and the man throwing the switch for an execution feared the person being executed might burst into flames as well.

There have been problems acquiring the drugs needed for lethal injection for execution, so the Virginia House of Delegates passed the following: HB1052 Method of execution. Providing that if the Director of the Department of Corrections certifies that lethal injection is not available as a method of execution, electrocution shall be used instead.

House: VOTE: PASSAGE

(64-Y 32-N)

NAYS: Brink, Bulova, Filler-Corn, Herring, Hope, Kean, Kory, Krupicka, Lopez, Plum, Sickles, Simon, Surovell and Watts.

**Letters to the Editor**

**School Budget: How to Pay?**

To the Editor:

Every year this paper publishes liberals' letters about the Fairfax County school budget, which increases yearly without exception. One year it is teacher pay, the next year class enrollment, this year renovation costs.

The implication is that if the schools don't get what their administrators demand, Fairfax County will collapse. This despite a continuous decline in student performance. Furthermore, there is no quid pro quo; it is my way or the highway by those who claim sanctimonious justification.

However, like the Federal government, no consideration is ever made for how to pay for this; unlike the Federal government, Fairfax County cannot print money. So what will it be? Raise taxes, the favored Fairfax County school administrator way? Borrow money, another favored FC school administrator way? Or what will you cut from your budget to pay for these needed renovations, not the Fairfax County school administration way? Something has to give. Fairfax County is run by Democrat politicians for favored Democrat constituencies.

One point all should recognize: there is a reason for the increasing student enrollment, one I have discussed with my delegate and for which the state legislature has statistics to confirm. There are on average 6,000 illegal alien children in the Fairfax County Public Schools. Now these children must be educated, will be educated and that is not in dispute by any sane person. However, that is where the growth is and in fact without these children, the school enrollment would decrease such that certain schools in places like Bailey's Crossroads, the Route One corridor in Mount Vernon, Herndon and elsewhere would actually be seriously viewed for closing.

Fairfax County should require that every child being enrolled in the public schools have one parent prove their legal residency, not just in the county but the country. The purpose of such is not to deny schooling to these children. Rather it is for Fairfax County schools to be able to calculate and present a bill to the Federal government demanding reimbursement for each child's education whose parent(s) are not in the county or country legally.

Finally, who believes that education bureaucrats are good stewards of the tax-payers' money other than the usual suspects? Clearly, they did not go into the teaching profession with much respect or understanding for the capitalist economic system that has brought this nation the greatest prosperity on the globe.

Christopher Thompson
West Springfield

**Send Photos for Pet Connection**

We invite you to send us stories about your pets, photos of you and/or your family with your cats, dogs, hamsters, snakes, lizards, frogs, rabbits, or whatever other creatures share your home or yard with you.

Tell us the story of a special bond between a child and a dog, the story of how you came to adopt your pets, or examples of amazing feats of your creatures. Can your dog catch a Frisbee 10 feet in the air, or devour an entire pizza when you turn your back for less than a minute?

Do you volunteer at an animal shelter or therapeutic riding center or take your pet to visit people in a nursing home? Tell us about your experience.

Have you helped to train an assistance dog? Do you or someone in your family depend on an assistance dog?

Or take this opportunity to memorialize a beloved pet you have lost.

Send photos and identify everyone in the photo including the pets and tell us what is happening in the photo, and include your address (we will only print the town name).

Submissions should arrive by Feb. 19.

Email editors@connectionnewspapers.com, or submit photos and stories directly on our website at www.connectionnewspapers.com/pets/.

**Cub Scouts Learn About Lorton’s Landfill**

Cub Scouts from Pack 2000, based out of Halley Elementary School in Lorton, were hosted by the Fairfax County Solid Waste Management team at the Lorton landfill on Jan. 25. Chris Mosoi, head of Engineering and Environmental Compliance, and Mike Malitano, Environmental Technical Specialist, both Fairfax County employees, explained the operations of the facility to seven 4th grade Webelos boys and their parents from the local area.

The boys learned about how solid waste is processed in Fairfax County, and how the landfill in Lorton is maintained and kept safe. The boys were shown the landfill gas collectors up close, which collect methane released underground and use that gas to power eight generators which provide enough electricity to power approximately 5,000 homes.

Freeze-o-ree Tradition Continues

Boy Scouts of America (BSA) Troop 1849 from Springfield recently enjoyed its annual Freeze-o-ree campout at Catoctin Mountain Park, Md. With temperatures in the low 20s during the day and nighttime low of 5 degrees and a wind-chill of minus 15, fourteen stalwart Scouts - some as young as 11 years of age - and 12 adults embraced the challenge. Troop 1849 has been doing this mid-winter campout at Catoctin Mountain Park nearly every winter for over 30 years. The Troop enjoys the beauty and unique challenges of this mountain location (no water on site) as well as the elevation resulting in temperatures at least 10-15 degrees colder than the Springfield area. Attesting to the severity of this challenge, Troop 1849 rarely encounters other BSA Troops during these winter outings. Scouts learned woodcraft, navigation, and cooking skills, but the big hit was the homemade donuts provided under the guidance of Assistant Scoutmaster Bill Kmiecik, and Scout Gian Trujillo. On the trek out after camping the night.

Consistent Bedtimes Linked to Improved Wellbeing in Children

Local experts offer suggestions for helping youngsters get a good night’s sleep.

**By Marilyn Campbell**

When the clock strikes 9 on any given evening, Timothy and Danny Gulyn and their 11-year-old twin nephews, Christopher and Jonathan, know it’s time to bed. Whether they are on vacation during the summer or at their Arlington home on a school night, the siblings follow a consistent routine that has them tucked-in at the same time every night. “I am a big believer in structure and routine,” said the elder counselor, Linda M. Galyon, PhD, a professor of psychology at Marymount University in Arlington. “Bedtimes should be absolutely rigid, the more consistent the better. We all need structure, but children need it especially.”

Researchers say going to bed at a consistent time can have a positive impact on a child’s behavior and overall health. In fact, a recent study of 15,000 children by University College London found that a child’s behavior improved when a consistent bedtime was established. Local childcare experts agree, saying a regular bedtime routine, such as bath following by reading, is an important factor in ensuring a child’s proper physical and mental development.

Dr. Jay Cogan, Ph.D., a sleep and behavior expert, further asserts that a lack of adequate sleep can affect a child’s physical health. “If they don’t get enough sleep, it affects their immune system and their ability to pay attention,” she said. “Child psychologists Dr. Bruce P. Fiepler, of Pediatric Psychiatric Associates in Potomac, Md., said a structured bedtime is part of what he calls ‘sleep hygiene’ which can impact a child’s overall health and development.” When no routine exists, children see bedtime as an opportunity to make the transition psychologically. If they’re playing a game and they get a bedtime warning, they might say, “I need to finish this game before bed.”

“Bedtime should be very soothing. They take a bath, brush their teeth and put on their pajamas. A high-energy child will need more lead time to slow down their motor,” said Dr. Bruce P. Fiepler, child psychologist at Pediatric Psychiatric Associates.'

Cavaliers Praise ‘the Best Coach’

Woodson gymnastics coach Mike Cooper wrapping up final season.

By Jon Roetman
The Connection

As gymnasts anxiously await the opportunity to grab a gift bag and hear the results of the Conference 7 championship meet at Lake Braddock Secondary School, Director of Student Activities Mark Martino grabbed the microphone and acknowledged Woodson coach Mike Cooper, who after more than three decades is wrapping up his final season coaching high school gymnastics.

When Martino finished, gymnasts chanted “Coo-per, Coo-per” to honor the well-liked Cavaliers coach. Some of the athletes stood up and hugged him. Minutes later, it was announced Cooper’s time as Woodson head coach would continue for at least two more weeks.

The Woodson gymnastics team placed second at the Conference 7 meet on Jan. 31, earning a trip to the 6A North region meet on Feb. 12 at Lake Braddock. With the top two teams receiving regional berths, the Cavaliers punched their ticket with a score of 132.9, edging third-place South County (131.55). T.C. Williams won the conference title with a score of 143.45.

“I’m excited because since we moved in this conference we’ve always been either first or second,” Cooper said, “so it’s nice to go out, making it to the regional tournament.”

Woodson joined the Patriot District during the 2009-10 season. The Cavaliers won the district in 2010 and 2013. The VHSL underwent a six-class realignment prior to the 2013-14 school year, and seven of the eight schools from the Patriot District formed Conference 7 in the 6A North region (Lee moved to 5A).

Woodson senior Rachael Talento played a major role in the Cavaliers advancing to regionals. Talento placed third in the all-around with a score of 35.95, finishing second on floor (9.275), third on bars (8.925), fourth on beam (8.9) and eighth on vault (8.85).

“Talento eventually quit club gymnastics and rejoined the Rebels,” Cooper said. “He’s the best coach you can honestly have,” Talento said. “He’s very patient and he’ll help you with anything.”

Cooper helped Woodson finish conference runner-up this year, much of his success as a high school gymnastics coach came at Lake Braddock. Cooper led the Bruins to five consecutive state championships from 1995 through 1999. Cooper also coached boys’ gymnastics, along with swimming and diving at different schools around Northern Virginia.

“He’s the best coach you can honestly have,” Talento said. “He’s very patient and he’ll help you with anything.”

Cooper said he intends to spend time traveling with his wife, though he will continue coaching at the club level.

“I want my fingers in it,” he said, “I just don’t want my whole body in it.”

Now, thanks to the performance of the Cavaliers at the conference meet, Cooper will have at least one more chance to coach at the high school level.

“I do it because I love the sport,” he said. “Out of the decades from the ‘80s to 2014, I still stay in contact with the girls and boys and that to me is showing that I’ve done something with my career.”

Woodson senior Rachael Talento finished third in the all-around and helped the Cavaliers finish second as a team during the Conference 7 gymnastics championship meet on Jan. 31 at Lake Braddock.

Woodson freshman Charlie Klika placed third on floor with a score of 9.15. Cavalier freshman Margaret Bushman finished seventh (8.925).

While Cooper helped Woodson finish conference runner-up this year, much of his success as a high school gymnastics coach came at Lake Braddock. Cooper led the Bruins to five consecutive state championships from 1995 through 1999. Cooper also coached boys’ gymnastics, along with swimming and diving at different schools around Northern Virginia.

“I do it because I love the sport,” she said. “I hadn’t really done anything in a while. I lost a lot of my muscle and a lot of my skills. Then Cooper whipped me back into shape. … I’m so happy I was able to do this with him for this last year. He’s honestly the best and it’s been a great season.”

Woodson freshman Charlie Klika placed third on floor with a score of 9.15. Cavalier freshman Margaret Bushman finished seventh (8.925).

While Cooper helped Woodson finish conference runner-up this year, much of his success as a high school gymnastics coach came at Lake Braddock. Cooper led the Bruins to five consecutive state championships from 1995 through 1999. South County Frosh Burgess Finishes Conference 7 Runner-Up

South County freshman Collea Burgess finished runner-up in the all-around competition on Jan. 31 during the Conference 7 gymnastics championship meet at Lake Braddock Secondary School.

Burgess posted a score of 36.025. T.C. Williams senior Holland Cathey won the title with a score of 37.55.

Burgess’ performance earned her a spot on the all-around competition at the 6A North region meet on Feb. 12 at Lake Braddock. She placed first on bars (9.45), fourth on vault (9.2), tied for fifth on floor (9) and finished ninth on beam (8.375).

“I think I did good,” Burgess said, “but I could have done better.”

South County finished third with a score of 131.55. T.C. Williams won the conference championship with a score of 143.45 and Woodson earned the other regional berth with total of 132.9.

— Jon Roetman

Fairfax’s Barborek Wins Conference 6 Gymnastics Title

Fairfax junior Rachel Barborek won the Conference 6 all-around gymnastics championship on Feb. 3, producing a score of 37.1 during the conference meet at McLean High School.

With the victory, Barborek secured a berth in the 6A North region meet, which will be held Feb. 12 at Lake Braddock Secondary School. Barborek finished first on bars (9.475), tied for second on vault (9.4), placed third on beam (9.275) and tied for eighth on floor (8.95).

Barborek competed for Fairfax as a freshman. Last season, she reached level 10 as a club gymnast for Capital Gymnastics and, by rule, was unable to compete for her high school team.

Burgess eventually quit club gymnastics and rejoined the Rebels.

“I’d like to go,” Barborek said, “all the way to states.”

Barborek helped Fairfax finish fifth as a team with a score of 117.775. McLean won the conference title with a score of 144.475, followed by Washington-Lee (140.925), Yorktown (137.25) and South Lakes (121.425).

— Jon Roetman

South County freshman Collea Burgess finished runner-up in the all-around competition during the Conference 7 gymnastics championship meet on Jan. 31 at Lake Braddock.

Drive for Hope

From Page 3

everything...except the snow.”

“We were blown away by the community support that year. Believe it or not, people came out in cross-country ski's to get here to donate,” Dozier said. At the end of the day, nearly 150 people were screened to donate, and 113 pints of blood was collected.

Unlike many “tribute” blood drives that lose momentum after the first year, the Friends of Sadie Blood Drive has increased both the number of donors and the pints of blood collected. According to the American Red Cross, just one donation can help save up to three lives.

Burke resident Jim Weatherbee has donated every year with his family in tow: “We would not miss this. Just knowing Sadie and her parents would bring us out,” Weatherbee said last year. “The Friends of Sadie make this as easy and fun as possible.”

“When we first got the news about Sadie, we were just devastated,” said Erin Lauer. “Just like that, our whole world was turned upside down.”

After the success of that first blood drive, Lauer said they were overwhelmed by the outpouring of love.

“We felt that the whole community came out on the heels of the second big snowfall of the season because they wanted to do something in support of one of theirs,” she said.

“The first blood drive was unbelievable. I can’t say enough about the ferocity and seriousness of purpose with which the organizers approached it,” said Ethan Lauer.

THE 5TH ANNUAL VALENTINE BLOOD DRIVE will be held Sunday, Feb. 9, 2014 from 9:30 a.m. to 5 p.m. at the Woods Community Center, 10100 Wards Grove Circle in Burke. The family-friendly event includes a benefit bake sale to raise funds for children fighting cancer through The Truth 365. Free childcare is provided on site, and a variety of fun Valentine’s Day activities are planned.

And Sadie, now a joyful, rambunctious 4 1/2 year old, will be there to greet donors, play with her friends, and snatch a homemade cupcake or two for her and her big sister, Anna.

“Our kids have learned that cancer isn’t just for old people, friends rally around each other in good times and bad, they have a voice and can contribute in their own way and so much more,” said Laurie Florence, Friends of Sadie Planning Committee.

“For all of the brave little heroes that we have met along Sadie’s journey, we will work to raise awareness and money so that a cure for childhood cancer will someday be found,” said Erin Lauer.
