Fairfax Elementary Schools Prepare for New School Year

BY CAITLIN BARBIERI
THE CONNECTION

As the beginning of the school year approaches and teachers return to their classrooms, principals and administrators are busy organizing and planning to ensure a successful start of the year.

At Little Run Elementary School in Fairfax, Principal Sharon Baumgarten is expecting a year similar to the previous one. "We have made no major changes to the school with the exception of a new student register," Baumgarten said. Adding no new teachers to school "everybody is pretty much the same," she said. The only change that Little Run will be experiencing this year is the end of half day Mondays, which had previously been tradition for all Fairfax County Elementary schools. This countywide change will uniform the week for elementary schools. "The new schedule will allow for teachers to engage students in more active learning, project learning, and more time for social studies and science," Baumgarten said.

Additionally, Principal Baumgarten is looking forward to the beginning of the school year. The school's Parent Teacher Association (PTA) is planning some events for the beginning of the school year including the annual 5k around the neighborhood.

Located directly across the street from Robinson Secondary School, Oak View Elementary is eagerly awaiting the new school year. Similar to Little Run Elementary, the only major change this school year is the addition of the full day Mondays. "We now have a uniform master schedule," said Assistant Principal Ann Billingsley, "It's a wonderful change." The

Little Run Elementary, home of the Roadrunners is located on Olley Lane.

extended Mondays will allow for children to have more time in physical education, music, art and technology classes and also allow for them to learn more in the classroom. Billingsley is expecting "success for all" this upcoming school year with the full day Mondays. The school is focused on relationships this year and follows the motto, "Fairfax County cares."

"We have a wonderful hard-working staff with all hands on deck," Billingsley said.

Honored by Supervisors

Resolution honors Braddock Resident Norma Heck for years of community service.

BY JANELLE GERMANOS
THE CONNECTION

Norma Heck, who has been an owner of a home in North Springfield since 1956, was recognized last week by the Board of Supervisors for her service and dedication to the community.

The resolution, brought forward by Supervisor John Cook (R- Braddock District) and Chairman Sharon Bulova, stated that Norma Heck "embodies the spirit of community and volunteerism."

Heck has been a member of the North Springfield Civic Association since 1956, and has served as president of the association for many of those years. She was the 2002 Lady Fairfax for the Braddock District, and is a longtime member of the North Springfield Gardening Club.

"Norma is everything I look for in a community leader. She has a great handle on the community as a long time realtor. You always know when Norma's in the room, in a good way. She has embodied the North Springfield community and the civic association for decades," Cook said. "No person in the Braddock District who has had more of an imprint in the community over decades like Norma has."

Heck led many efforts through the years, including the installation of traffic signals,

community beautification, and establishing a buffer zone between the Washington Post plant and residences in North Springfield.

"If you could have a poster child for what you would want in a community leader, you would have Norma's face on the poster," Cook said.

Heck has been on top of the demographic changes that have occurred in North Springfield, and has fostered a sense of community, Cook said.

"Norma has made it her businesses and her communities business to know what's happening all around her community and all around Central Springfield," said Supervisor Jeff McKay (D-Lee District). "Not a lot of people do that."

Heck was hailed at the meeting as a "constant in the community," and applauded for caring about issues throughout the county. "I've known Norma since the Braddock District wasn't the Braddock District, but the Annandale District. Norma really has been a constant and a rock in the community for many years," Bulova said. Heck said it's been great being part of watching North Springfield grow, and has loved every moment of it.

"It's been a wonderful life living in Fairfax County. I thank my community for giving me the opportunity to serve and to meet such wonderful people," Heck said. "I just can't say thank you enough."

Rock the Block! Celebrates Summer's Last Hurrah

The City Fairfax held another Rock the Block! on Friday, Aug. 22. This is the second installment of the inaugural event, which started this year on July 25. The free outdoor concert series took place on University Drive between North and Main streets.

The Breakfast Club, a 1980s tribute band from Georgia, played popular songs from the decade starting with Kenny Loggins' "Footloose" and ending with Journey's "Don't Stop Believing."

Emcee Jarrod Wronski called out to the crowd's children of the 80s and said that they were about to be entertained with the best music of all time. To their kids, however, Wronski warned them that they would be hearing oldies tonight.

Events Coordinator for the city of Fairfax Mitzi Taylor said that Rock the Block! is a

way of bringing people into the downtown area. "People come down here to eat and enjoy," she said. It also brings free entertainment to the public.

Refreshments were available for purchase from Red Hot & Blue's food truck and The Old Firestation #3, which set up tables on the street.

At the parking lot adjacent to The Old Firestation #3, lawn games were set up for children to play, while attending the concert.

At the end of the performance, prizes were awarded to best photograph and tweet about the event, which were tagged #TGIFairfax.

Clayton Smith won the best quote with "How can you not have fun at Rock the Block!" tweeted by his mother.

The event concluded with the crowd singing "Happy Birthday" to Sadie Drummond, who turned 13 that night.

The next Rock the Block! in downtown Fairfax will be on Sept. 26, featuring Leggz.

Senior quarterback Patrick Riley and the Woodson offense are transitioning to new head coach Mike Dougherty's up-tempo spread scheme.

Woodson Football Trying To Get 'Back on the Map'

New head coach
Dougherty brings up-
tempo spread offense.

BY JON ROETMAN
THE CONNECTION

Mike Dougherty was leaving the Stone wall Jackson football program after six seasons when someone asked the location of his next head-coaching stop.

Woodson, Dougherty replied.

The response: "Where's that?"

W.T. Woodson High School is located in Fairfax. The football program, however, is lost in a state of anonymity after four losing seasons. In 2009, the Cavaliers finished 11-2 and reached the Division 6 Northern Region championship game. Since then, Woodson has a record of 10-30 and has failed to win more than three games in a season.

Dougherty, who led Stonewall Jackson to the 6A North region semifinals in 2013, will attempt to turn Woodson football back into a winner.

"We're trying to get on the map," Dougherty said recently. "... We want to change the way that people view us and the way we view ourselves."

How do you change the culture of a football program?

"The key thing is getting them out of their comfort zone," Dougherty said. "We're gaining ground on that but we still have a long way to go."

OFFENSIVELY, Dougherty has eliminated comfort by installing an up-tempo spread attack. After operating out of the methodical wing-T in recent seasons, the Cavaliers are now hustling to the line of scrimmage in practice, trying to run three or four plays every minute.

The idea of a hurry-up offense appealed to players at first, Dougherty said, until they realized how much work was involved. The Cavaliers have bought in, however, and hope to evolve into a potent point-scoring unit.

ing unit.

"It was a very tough transition because you hear 'up-tempo spread offense' and you're like, 'yeah, that's awesome,'" senior quarterback Patrick Riley said. "But once you get to running it live, you're like, 'this is quick.'"

Riley returns for his second season as Woodson's starting signal caller. Dougherty said Riley has a chance to thrive in the team's new offense.

"He's a leader in our offense," Dougherty said. "It's really designed around the quarterback being the statistical leader on every front. ... He's a competitor, he's smart and he has a real high football IQ."

Senior wide receiver Conor McLaughlin will be Riley's top target on the outside, while senior China Moon will be a factor at inside receiver. Senior receivers Will Cogan and Andrew Snodgrass, junior receiver Jack Caldwell and sophomore receiver/tight end Torin Shanahan will also figure into the passing game. Helping Riley with the ground game will be senior running back Brian Smiga.

"He's got great feet," Dougherty said, "and he runs really hard for small guy."

Senior running back Jacob Oleyar and sophomore Alex Olson could also see some carries.

Along the offensive line, senior tackle Lion Nitschke is one of the Cavaliers' biggest players at 6 feet 6, 260 pounds. Junior guard Mike Fox and senior center Josh Kim will also be contributors.

DEFENSIVELY, Woodson will operate out of a base four-man front. Dougherty said the secondary is the strength of the unit, led by safeties McLaughlin and Moon, and cornerbacks Jack Caldwell, a junior, and Thomas Anderson, a senior.

Junior Chris Gardner and senior James Strasser are impact players along the defensive line, and junior middle linebacker Nolan Brahme is the group's signal caller.

Woodson opens the 2014 season on the road against Oakton at 7:30 p.m. on Friday, Aug. 29. The Cavaliers' first home game is Sept. 5 against Robinson.

"We want to make it to the playoffs," Riley said. "... We want to get Woodson back on the map."

Isabel Obregon, left, and the Robinson field hockey team went undefeated and won Pool B during the two-day Under the Lights tournament on Monday and Tuesday at Lee High School.

Robinson Wins Pool B at UTL Tournament

The Robinson field hockey team went undefeated during the two-day Under the Lights tournament at Lee High School on Monday and Tuesday, capturing the Pool B championship.

On Monday, Robinson defeated West Springfield, 2-1, and South Lakes, 1-0. Both games were played on grass. On Tuesday, the Rams beat Stuart, 5-0, and Centreville, 3-0. Both games were played on turf.

"I think we started off rough because it was on grass and it was difficult," second-year Robinson head coach Lindsay Arnsmeier said. "The adjustment back to turf was very helpful."

Robinson secured an undefeated record by shutting out Conference 5 opponent Centreville. Junior Charlotte Clark scored in the first half to give the Rams a 1-0 lead, and freshman Lisa Saffin added a pair of goals in the second half.

Saffin tied for the team lead with three goals during the tournament.

"She controls the ball beautifully," Arnsmeier said of Saffin.

"She distributes [and] she's just an all-around strong player."

Junior Katie O'Loughlin also scored three goals during the tournament. Clark, a junior, scored two goals, and junior Georgia Boley, senior Alex Cole and junior Tamara Honeycutt each scored one.

Arnsmeier said Saffin, O'Loughlin and seniors Addie Walsh and Isabel Obregon will be key contributors this season. Obregon transferred from Woodson.

"She's just very aggressive," Arnsmeier said of Obregon, "and her hits are out of control sometimes — they're so good."

Robinson (4-0) will host Yorktown at 4 p.m. on Thursday, Aug. 28.

"At first, I started off with a team that only won two games the previous season," said Arnsmeier, a former Chantilly assistant who took over at Robinson in 2013. "... now we're really looking to be competitive."

— JON ROETMAN

Senior captain Michelle Heinitz scored seven goals for the host Lee field hockey team during the two-day Under the Lights tournament on Monday and Tuesday. The Lancers finished runner-up in Pool A, winning three of four games while outscoring their opponents 17-2.

OPINION

Back to School: Good Steps, Good Intentions

The first day of school in Fairfax County is Tuesday, Sept. 2, but Monday, Sept. 8 is the beginning of something important.

For the first time in decades, elementary school students will have a full day of school on Mondays instead of being sent home hours early. This action makes so much sense in for families with children in elementary school. The ability of Superintendent Karen Garza to facilitate this change to go into effect right away is remarkable, and we hope a promise for more changes ahead.

Earlier this week, the American Academy of Pediatrics issued a policy statement calling for later start times — not earlier than 8:30 a.m. — for high school and middle school students. It's

not impossible although some school systems would have you believe that it can't be done. It's time to make that change in Fairfax County.

The science is undisputed. From the abstract: "A substantial body of research has now demonstrated that delaying school start times is an effective countermeasure to chronic sleep

EDITORIAL

loss and has a wide range of potential benefits to students with regard to physical and mental health, safety, and academic achievement. The American Academy of Pediatrics strongly supports the efforts of school districts to optimize sleep in students and urges high schools and middle schools to aim for start times that allow students the opportunity to achieve optimal levels of sleep (8.5–9.5 hours) and to improve physical (eg, reduced obesity risk) and mental

(eg, lower rates of depression) health, safety (eg, drowsy driving crashes), academic performance, and quality of life."

You can read the report here: <http://pediatrics.aappublications.org/content/early/2014/08/19/peds.2014-1697.full.pdf>

Back to school nights begin this week and run into October. For parents and students, there is no more important event that to turn up at Back to School Nights for your children, introduce yourself to teachers and open the lines of communication. Here is a link to a daunting list of Back to School Nights in Fairfax County:

Help Students Prepare for a Healthy School Year

BY JOHN C. COOK
SUPERVISOR (R-BRADDOCK DISTRICT)

COMMENTARY

As the summer draws to a close and parents look ahead to the school year, the change in daily routine offers an opportunity to change our routine meals. Setting our students and families up for success can come in many forms. Eating better meals and more frequently as families are just two ways we as parents can help our students excel.

Eating dinner as a family can have an enormous impact on the health of kids. The National Center on Addiction and Substance Abuse at Columbia University found that "teens who have dinner with their families at least five

times per week are almost one and a half times less likely to report high levels of stress" than teens

who don't. Teens that eat frequent family meals are also more likely to have better relationships with their parents and eat healthier meals. August is Family Meals Month, so there is no better time to make gathering around the kitchen table a priority.

Fairfax County Public Schools has already taken steps to improve the nutrition in school meals. Over the next three years, FCPS will implement fruit and vegetable bars in all middle and high schools, and eliminate additional artificial additives, dyes, and preservatives. The schools will also implement a local purchase preference policy to bring fresher produce to students. These are good first steps. Hopefully, more will follow. As a parent, I am concerned about the quality of school meals and, more

to the point, I know that no meal is a good one if kids won't eat it.

The Real Food For Kids organization has been a leader in finding collaborative ways to increase the quantities of healthy foods in Fairfax County Public Schools and supporting programs that educate students and their families on making healthier lifestyle choices. Real Food For Kids Executive Director, JoAnne Hammermaster said, "School food is an incredibly important determinant to children's health outcomes as well as their academic success, behavior and well-being in and out of school."

This school year let's take small steps that can mean big successes for our kids. Better food and more time eating as family will help put our students on the path to a healthy, happy school year.

LETTERS TO THE EDITOR

Facing Homelessness

To the Editor:

In his opinion piece ("Homelessness: Source of Trauma for Children," Connectionm August 13-19, 2014), Dean Klein, the Director of Fairfax County's Office to Prevent and End Homelessness, clearly enumerated the reality for hundreds of homeless families and their children in the County. While most of them are working, these families do not earn enough income for them to access affordable housing. According to a study completed by George Mason University in 2012, nearly half the households earning less than \$40,000 in annual income in the Mount Vernon and Woodlawn communities have

trouble finding or maintaining housing for their families.

At Good Shepherd Housing & Family Services, a 40-year-old homeless services and affordable housing provider serving the Mount Vernon community, we have seen many such families struggling to access affordable housing. They are living on the brink of homelessness — or are, in fact, experiencing a spell of homelessness. Last year we helped nearly 120 of these families in our area to find permanent affordable housing.

As Dean Klein noted, the consequences of homelessness do not end quickly. Especially when children are involved and have suffered the trauma of homelessness, the effects may be lifelong. Moreover, they suffer from emotional or behavioral problems that inter-

fere with learning at almost three times the rate of other children. Children should never have to wonder where they'll be sleeping on any given night. In our County some 700 children do wonder.

Here at Good Shepherd Housing, we work hard to ameliorate the problems these homeless children face. We ensure that formerly homeless children in our housing programs do not miss out on educational, social and recreational activities simply because their families have low-incomes.

Because of generously donated funds, we provide these children with school supplies and new winter coats and pay for their after school activities and summer camps.

At Good Shepherd Housing we are doing all we can to provide our

community's working poor with a fresh start toward stable housing and a better life.

Public Notice

NOTICE OF FINAL GENERAL CONFORMITY DETERMINATION FOR THE PROPOSED COVE POINT LIQUEFACTION PROJECT

On August 18, 2014, the staff of the Federal Energy Regulatory Commission (FERC or Commission) published a Notice of Final General Conformity Determination (GCD) for the Cove Point Liquefaction Project (Project) proposed by Dominion Cove Point LNG, LP (DCP). DCP requests authorization to construct and operate facilities to process and export domestically-sourced liquefied natural gas (LNG) at the existing Cove Point LNG Terminal in Calvert County, Maryland. The Project would enable DCP to export approximately 5.75 million metric tons per annum of LNG via LNG marine carriers that would dock at the existing offshore pier.

In accordance with the General Conformity Regulations under the Code of Federal Regulations Chapter 40 Part 93.156, the Draft GCD was issued for a 30-day public comment period. No comments were received on the Draft GCD; therefore, the Commission staff is issuing this notice to announce the Draft GCD is now the Final GCD. The GCD was prepared to satisfy the requirements of the Clean Air Act, and addresses air emission impacts associated with the Project. The FERC staff concludes that the Project will achieve conformity in Maryland and Virginia. Copies of the Draft GCD were previously mailed to the U.S. Environmental Protection Agency, Region III, the Maryland Department of Natural Resources, the Maryland Department of Environment, and the Virginia Department of Environmental Quality.

The GCD was placed in the public files of the FERC on May 15, 2014, concurrently with the Environmental Assessment, and is available for public viewing on the FERC's website at www.ferc.gov using the eLibrary link. A limited number of copies of the Environmental Assessment are available for distribution and public inspection at:

Federal Energy Regulatory Commission
Public Reference Room
888 First Street NE, Room 2A
Washington, DC 20426
(202) 502-8371

Additional information about the Project is available from the Commission's Office of External Affairs, at (866) 208-FERC, or on the FERC website (www.ferc.gov) using the eLibrary link. Click on the eLibrary link, click on "General Search," and enter the docket number excluding the last three digits in the Docket Number field (i.e., CP13-113). Be sure you have selected an appropriate date range. For assistance, please contact FERC Online Support at FercOnlineSupport@ferc.gov or toll free at (866) 208-3676, or for TTY, contact (202) 502-8659. The eLibrary link also provides access to the texts of formal documents issued by the Commission, such as orders, notices, and rulemakings.

Welcome to Fairfax County

BY SHARON BULOVA/CHAIRMAN
FAIRFAX COUNTY BOARD OF SUPERVISORS

Welcome to Fairfax County, the best place in the country to live, work and play. Fairfax County is home to a fantastic public school system, top tier business and shopping opportunities, compassionate human services, and some of the best parks and open spaces in the D.C. Metropolitan region. This summer featured the long-awaited opening of the WMATA Silver Line, which connects the Reston and the Tysons areas of the county to the entire Metrorail system.

Last June, I cut the ribbon to open a new segment of our Fairfax County Cross County Trail, named after former Chairman (now congressman) Gerry Connolly. It was his vision, while serving on our board, to build and connect trail sections to make it possible for someone to hike through all nine county magisterial districts. The northern end of the trail begins in Great Falls National Park at the breathtaking Potomac River and travels south to the historic Occoquan River.

The trail passes through stream valleys and meadows, then winds through fascinating Laurel Hill, site of the former Lorton Prison. In addition to parkland and a golf course, these grounds are now home to the Workhouse Arts Center where visitors can watch artists in action and enjoy plays, performances and community events such as

Thumbs up for Silver Line: The long-awaited opening of the WMATA Silver Line, which connects the Reston and the Tysons areas of the county to the Metrorail system.

Springfest every April.

Fairfax County has something for everyone. Northern Virginia Community College offers more than 160 degrees at the associate's level and numerous certificate programs. Its partnership with George Mason University provides families and stu-

dents with a seamless, cost-effective path to a four-year degree.

George Mason University, recently named one of the top five "Up-and-Coming Universities" by U.S. News and World Report, is also recognized as one of America's Best College Buys by Forbes magazine. Under the

presidency of Dr. Angel Cabrera, Mason is fast taking its place as a university for the world.

Fairfax County is known for its business-friendly climate. Time Magazine has described us as "the epicenter of the Washington region's job boom" and "one of the great economic success stories of our time." Although home to eight Fortune 500 company headquarters (corporate giants such as Northrop Grumman and Booz Allen Hamilton) about 97 percent of the companies in Fairfax County are small businesses with fewer than 100 employees. We are a great location for startups.

Of course, Fairfax County's greatest asset is a population that is welcoming and engaged. People from all over the globe have made Fairfax County their home, enriching our community with diverse cultures and entrepreneurship. Visit Fairfax County's website at www.fairfaxcounty.gov to learn more about what Fairfax has to offer.

As chairman of the Board of Supervisors, I am elected at-large by all registered voters. My office is here to serve you. If you have any questions or concerns, please email me at chairman@fairfaxcounty.gov or call me at 703-324-2321. I hope you will sign up to receive my monthly Bulova Byline newsletter that will keep you up-to-date on what is happening and how you can participate in all that Fairfax County has to offer you and your family.

Thanks for making Fairfax County your home.

A County of 186,785 Students

BY KAREN K. GARZA
SUPERINTENDENT OF FAIRFAX COUNTY
PUBLIC SCHOOLS

Welcome to the 2014-15 school year. The start of a new school year is always an exciting time for students, parents, and educators. Our dedicated staff has been working hard to prepare for another school year that builds on our tradition of excellence at Fairfax County Public Schools (FCPS). Fairfax is a community that embraces its newest residents and the cultural diversity that makes our county such a desirable place to be. For many families and businesses, the decision to relocate to a new area is often dependent on the quality of the local public schools. FCPS has a well-deserved national reputation for excellence.

As we enter a new school year, we are projecting an enrollment of 186,785 making FCPS the nation's 10th largest school district. Fairfax County high schools are among the most academically rigorous in the U.S. and are cited every year as among the top high schools in the country. Our classrooms are led by teachers who inspire, motivate, and prepare students with the knowledge and

skills they will need for the future. Our dedicated teachers promote the success of every student and create a caring learning environment where every student is valued and recognized as an active learner.

Working closely with our school board, parents, teachers, and community stakeholders, we have made a number of positive and exciting changes for our system during my first year as superintendent. We developed the FCPS Portrait of a Graduate that will serve as a foundation on which to build a long-range strategic plan for the school system and will lessen the focus on standardized, high-stakes testing and place greater emphasis on engaged students, project-based learning, and authentic assessments of student learning. The Portrait of a Graduate will ensure that our students are collaborators, communicators, creative and critical thinkers, global citizens, and goal-directed and resilient individuals when they leave FCPS.

Other significant changes that we have

made include:

- ❖ The launch of full-day Mondays for all elementary students. The change will increase instructional time for students and

dedicated planning time for teachers. The change to full day Mondays received overwhelming support in our community and will benefit students, teachers, and our families.

- ❖ A new standard school calendar that eliminates the need to make up inclement weather days at the end of the school year if fewer than 13 days are missed while providing two full weeks for winter break.

- ❖ The new Bailey's Upper Elementary School for the Arts and Sciences. A first of its kind for Fairfax County, this new school is being converted from a five-story office building at 6245 Leesburg Pike to provide enrollment relief for the overcrowded Bailey's Elementary School for the Arts and Sciences. The new campus will house grades 3-5, while the existing campus will house preschool to grade 2.

- ❖ A new CrisisLink text messaging tool for students and parents needing mental health support and resources. Crisis line staff respond to the text messages 24 hours a day. The text number is 703-997-5444.

The future remains very bright for FCPS families, students, and employees. I look forward to welcoming your children to our schools on Sept. 2 and making this year an exciting and rewarding year for all of our students.

About the Connection

As your local, weekly newspaper, the Connection's mission is to deliver the local news you need, to try to make sense of what is happening in your community, to gather information about the best things in and near your community, to advocate for community good, to provide a forum for dialogue on local concerns, and to celebrate and record achievements, milestones and events in the community and people's lives.

Here in our Newcomers and Community Guide, we've included an expanded and updated version of our award-winning Insider's Guide to the Parks, plus details of how to vote in the upcoming elections, information on local government, nonprofits and business organizations, plus tips and tidbits from the community.

We invite newcomers and long-time residents alike to let us know how we're doing and let us know what is going on in your part of the community. If you have questions or ideas, send us an e-mail or call us, contact us on Facebook or send us a tweet. We invite you to send letters to the editor or to send an email with feedback about our coverage.

We want to know if someone in your family or your community published a book, started a business, became an Eagle Scout, raised money for a good cause, accomplished some feat like running a marathon, supporting a cause or having art included in an art show. We publish photos and notes about personal milestones and community events, including births, engagements, weddings, anniversaries, awards and obituaries. We are also interested in events at your church, mosque, synagogue, community center, pool, school, club, etc. Email us a note about the event, being sure to include

when and where the photo was taken and the names of all the people who are in a photo. We also publish notes about news and events from local businesses. Notes about openings, new employees and anniversaries are welcome. It is especially important to us to let people know about events ahead of time in our calendar of events. We appreciate getting notice at least two weeks ahead of the event, and we encourage photos.

Fairfax County's Success Story

Economic success: 50 years in the making.

BY GERALD L. GORDON, PH.D.

If you are a newcomer to Fairfax County, allow me to welcome you to one of the most dynamic communities anywhere in the world to live and work. It was the vision of many people to create this kind of community, so please allow me to offer a quick history lesson.

The Capital Beltway was completed in 1964. The same year the iconic highway opened, the Virginia General Assembly passed a law that created what is now called the Fairfax County Economic Development Authority. In the last 50 years, creation and growth of a diversified business community and local economy transformed a sleepy bedroom community in the shadow of the

nation's capital into what Time magazine has called "one of the great economic success stories of our time."

How much of a success story? Fairfax County was home to no Fortune 500 companies in 1964, and today 10 of those businesses are based here. That's more than 30 states. Today more than 400 foreign-owned businesses have a presence here, as do four

companies on Black Enterprise magazine's list of the 100 largest African American-owned companies, three companies on HispanicBusiness.com's list of the 100 larg-

Gerald Gordon.

est Hispanic-owned companies, and top companies that are Asian-, woman- and veteran-owned.

Today Fairfax County is the second-largest suburban office market in the United States.

Almost no matter where you live, you can see how the county continues to evolve as a business location. The first phase of Metro's Silver Line rail service further enhances the attractiveness of Tysons Corner and Reston, while the second phase will link Herndon and Washington Dulles International Airport to the rest of the Washington region in 2018.

Southeastern Fairfax County (Springfield, Lorton and the Richmond Highway corridor) are becoming important office centers thanks to growth at Fort Belvoir. The Mosaic District in Merrifield is a popular destination, and the Springfield Town Center

opening this fall promises to be a magnet for that area.

As I suggested earlier, this evolution of Fairfax County has been no accident. It has been a strategy driven by a consistent vision: A strong and consistent economic development program that attracts companies and helps them stay and grow here creates job opportunities, builds a strong commercial tax base that holds down residential taxes, and allows the Board of Supervisors to provide high-quality public services that enhance the quality of life here.

Yes, Fairfax County has changed tremendously since 1964. But, even with all the progress that has happened, we believe even better times lay ahead.

Gerald L. Gordon, Ph.D., is president and CEO of the Fairfax County Economic Development Authority.

Artist's rendition of the Old Town Square plaza in downtown Fairfax.

Diagram of the Old Town Square site plan.

What's on the Horizon for the City of Fairfax

BY BONNIE HOBBS
THE CONNECTION

On the horizon for local residents are some mixed-use projects, school-boundary changes, potential traffic shifts and the reopening of a historic and much-loved eating place.

Old Town Square

The highly anticipated, \$4 million, Old Town Square project is now underway in the City of Fairfax on the block bounded by Main Street, University Drive, North Street and Old Lee Highway. It's seen as something that'll attract customers to the downtown businesses and provide a gathering place for friends and family to meet, as well as a site to hold special events.

The project includes two parking lots with permeable, brick-paver parking; ADA-compliant, brick, pedestrian walkways; a two-tiered plaza; storage sheds with a connecting pergola; an interactive water feature and a cascade water feature; a memorial garden area; preservation and enhancement

of the existing Kitty-Poser Garden; landscaping; lighting; and utility-infrastructure improvements.

In addition, a 90-foot, pedestrian safety barrier will be built along the north face of the Auld Shebeen restaurant where the sidewalk grade is lower than the adjacent North Street travel lanes. And the gravel Amoco parking lot at Main/East streets is being paved for better public parking. The pedestrian barrier costs about \$230,000, and the parking-lot resurfacing, about \$65,000. The remaining \$3.7 million is for the park.

Revamped 29 Diner Reopening

A Fairfax icon and beloved, local hang-out is reopening. Since 1947, the 29 Diner on Lee Highway in Fairfax attracted people looking for a good meal and a place to spend time with friends. However, the previous owners retired in May and closed the doors.

But local entrepreneur John K. Wood bought the place, revamped it and – with general manager Tom Lowe, a former Navy Seal – will reopen it on Patriot Day, Sept.

11.

"It's one of four, historical landmarks in the City of Fairfax," said Billy Reilly, who's promoting the 29 Diner. "And we're looking forward to serving the community."

And they'll do it in more ways than one. Besides literally serving meals, the restaurant also plans to donate food and raise funds for FACETS, Our Daily Bread and the Lamb Center – all of which help people in need – all year 'round.

Wood obtained the lease in May and work began, the first week of June, to both fix and spruce up the old diner. The parking lot was repaved, new bathrooms were installed and the whole interior was renovated.

"The place is gorgeous now," said Reilly. "In 2015, there'll be a complete, historical renovation. But right now, it's been cleaned and repainted and the kitchen equipment revamped – while still keeping that same diner charm that's been there since 1947."

Wood is also delighted with the diner's facelift and is pleased with the progress that's been made. "I'm blessed and humbled to be taking over a historical landmark in the City," he said. "And I'm looking forward

to all the good things we can bring to the residents, the homeless, veterans and the needy through the Lord's work and the diner."

As for the menu, said Reilly, the restaurant will offer "some old, diner favorites, plus new and exciting fare. It'll really be something special."

One-Way or Two-Way?

When the City of Fairfax reconfigured Main and North Streets from one-way to two-way streets in 2006, it did so in hopes that the change would benefit the downtown area. Now, though, the City Council is revisiting that decision.

Making those streets two-way was seen as a way to create a more pedestrian-friendly environment, as envisioned in the City's plan to revitalize Old Town Fairfax. However, over the past few years, people have noted possibly less vehicles and pedestrians there than before.

So the Council members have authorized

an engineering study to review the current conditions and analyze the costs and benefits of reverting back to one-way traffic on those streets.

It'll cost about \$15,000-\$20,000 and will be totally funded by money the City receives from the Northern Virginia Transportation Authority for transportation-related purposes. The finished product will include cost estimates of any recommended changes.

Homes, Retail at Kamp Washington

It's still a work in progress, but Novus Fairfax Gateway LLC hopes to transform part of the Kamp Washington triangle between Fairfax Boulevard and Lee Highway into a modern, community-serving, mixed-use project.

Proposed on the 8.33-acre site are 423 multifamily apartments, 25,000 square feet of retail uses – including 12,000 square feet of first-floor retail and amenities for the residents, plus a 5,000-square-foot restaurant – and a 4,000-square-foot office space for use by a nonprofit.

The design includes a road network that could mesh with the future redevelopment of the rest of that triangle, while adding traffic-calming elements to reduce cut-through traffic in the nearby Fairchester Woods neighborhood.

The commercial space and three- and four-story buildings would front on Lee Highway and Fairfax Boulevard. Five-story buildings would be central to the site, and a seven-story parking garage would have a half-story on top for a pool.

However, Fairfax City Councilman Michael DeMarco would like to see more commercial office space there, plus shuttle buses to the Metro station provided for the residents. And Councilman Jeff Greenfield believes the project has too many housing units planned with too few retail attractions. He was also concerned that traffic there might increase.

Councilman David Meyer worried that the project has too high a density and he said associated traffic should be prevented from traveling through the Fairchester Woods and Westmore neighborhoods. And Councilwoman Janice Miller was concerned about the apartments' affordability, as well as accessibility for senior citizens or disabled veterans.

The applicant is now seeing how it may incorporate the Council's comments into its plans and is working with City staff on its proffers before bringing this project back before the Council.

School Boundary Changes

In May 2013, the Fairfax County School Board approved boundary changes to alleviate overcrowding at Fairfax High and Lanier Middle School. These changes are being phased in during the 2014-15 school year. This fall's rising eighth-grade students, juniors and seniors will be allowed to remain at their current schools.

Students living in the Penderbrook and Fairfax Farms areas of the Waples Mill Elementary attendance area were reassigned last year from Lanier to Franklin Middle in Chantilly. Starting in September, these students will also shift from Fairfax High to Oakton High.

Fairfax Circle Plaza

Fairfax Circle Plaza is a gateway into the City but, over the years, it turned into an aging strip shopping center. Now, though, a huge, new, mixed-use project will be built there, featuring a grocery store, retail businesses and multifamily housing.

Planned are modern, residential units in a walkable design, with structured parking, instead of surface spaces. The goal is to transform a 1960s shopping center into a world-class place where people may live, work and dine. Combined Properties Ltd. will redevelop the 9.8-acre site with a 54,000-square-foot grocery store, 34,000 square feet of retail and restaurants and 400 apartments. It also plans a signalized intersection at Fairfax Boulevard.

The project will be done in phases in quick succession, with residential building construction concurrent with a phased occupancy. The grocery-store site must be turned over to the store prior to any residents moving in. And it's anticipated that Harris Teeter will be the grocery store. Several members of the City Council would have preferred more retail in this project and the proposed rents to be more affordable. But in the end, they approved it so that this area could be revitalized and the City could benefit from new and more diverse sources of future revenue, while continuing to move forward.

What's on the Ballot; How to Vote

Election Day is Nov. 4, 2014, but you can vote as early as Sept. 19.

Every year is Election Year in Virginia. This year, every Virginia voter will choose one member of the U.S. Senate and their member of the U.S. House of Representatives. Two of Northern Virginia's three house seats are open seats with the retirement of two longstanding members, Jim Moran (D-8) and Frank Wolf (R-10).

This area has very high rates of voter registration, but voter turnout varies significantly from year to year. For example, two years ago in 2012, a presidential election year, 71.78 percent of Virginia registered voters turned out to vote. But in 2010, more comparable to this year, only 44.01 percent of Virginia registered voters turned out to vote.

In Fairfax County, with a population around 1,130,900, there are 713,025 registered voters as of July 1, 2014, up from 676,802 in 2012. (Population data from U.S. Census and voter data from Virginia Department of Elections.)

In Alexandria, with a population of about 148,900, there are 97,883 total registered voters as of July 1, 2014. That's down from 101,887 total registered voters as of July 2, 2012.

IN FAIRFAX COUNTY, all voters will vote yes or no for more money for transportation projects. **Transportation Improvements Bond Question:** Shall the Board of Supervisors contract a debt, borrow money and issue bonds of Fairfax County, Virginia, in addition to bonds previously authorized for transportation improvements and facilities, in the maximum aggregate principal amount of \$100,000,000 for the purpose of providing funds to finance the cost of constructing, reconstructing, improving and acquiring transportation facilities, including improvements to primary and secondary State highways, improvements related to transit, improvements for pedestrians and bicycles, and ancillary related improvements and facilities?

IN THE CITY OF FAIRFAX, voters will also vote on an advisory Referendum regarding length of term for Offices of Mayor, City Council and School Board, and whether the term of office should be increased from two years to four years.

New Voter Identification Requirements

As of this summer, there are new requirements for voter identification that voters must bring with them to the polling place.

Virginia law requires all voters to provide an acceptable form of photo identification at the polls. Voters arriving to the polls without photo ID will be allowed to vote a provisional ballot and will have until noon on the Friday after the election to deliver a copy of identification to their locality's electoral board in order for their provisional ballot to be counted.

Virginia's photo ID requirements also apply to absentee voters who vote in-person in all elections.

Here are the "acceptable" forms of identification:

- ❖ Valid Virginia Driver's License or Identification Card
 - ❖ Valid Virginia DMV issued Veteran's ID card
 - ❖ Valid United States Passport
 - ❖ Other government-issued photo identification cards (must be issued by US Government, the Commonwealth of Virginia, or a political subdivision of the Commonwealth)
 - ❖ Valid college or university student photo identification card, must be from an institution of higher education located in Virginia.
 - ❖ Employee identification card containing a photograph of the voter and issued by an employer of the voter in the ordinary course of the employer's business
 - ❖ or a Virginia Voter Photo ID Card obtained through any local general registrar's office
- "Valid" is defined as a genuine document, bearing the photograph

of the voter, and is not expired for more than 12 months.

A voter who does not bring an acceptable photo ID to the polls will be offered a provisional ballot.

DON'T HAVE ONE OF THESE?

Any registered voter who does not possess one of the above mentioned forms of photo ID, may apply for a free Virginia Voter Photo Identification from any general registrar's office in the Commonwealth. Voters applying for the Virginia Voter Photo ID Card will have to complete the Virginia Voter Photo Identification Card Application, have their picture taken, and sign the digital signature pad. Once the application is processed, the card will be mailed directly to the voter.

PROVISIONAL BALLOT PROCESS

A voter who arrives at the polling place without an acceptable form of photo identification will be given the opportunity to vote a provisional ballot. After completing the provisional ballot, the individual voting will be given written instructions from the election officials on how to submit a copy of his/her identification so that his/her vote can be counted.

A voter will have until noon on the Friday following the election to deliver a copy of the identification to the local electoral board. Voters may submit a copy of their ID via fax, email, in-person submission, or through USPS or commercial delivery service. Please note that the copy of the ID must be delivered to the electoral board by noon on Friday, or the provisional ballot cannot be counted. A Friday postmark will not be sufficient. Written notice given to the

voter will provide the necessary information, including email, fax, and address of where the ID should be delivered.

IF YOU VOTE A PROVISIONAL BALLOT but don't have an "acceptable ID," you can appear in-person in the office of the general registrar in the locality in which the provisional ballot was cast by noon on Friday following the election and apply for a Virginia Voter Photo ID Card. At the completion of the application process, the voter may request a Temporary Identification Document. This document can be provided to the electoral board as acceptable identification and the voter's provisional ballot will be counted.

Insiders to Newcomers: What Do You Love About Living in Fairfax?

Michael DeMarco, Exxon Mobil Global Strategic Alignment Manager and member of Fairfax City Council, resident for 14 years:

"My wife and I wanted to move to Fairfax City, one - because it's a city so it had kind of an urban feel to it, but still with neighborhoods that we could raise our kids in. We were also very interested in education and we liked the different opportunities in area for us to send our kids to Catholic school or a public school. I also like the direction this area is going, I think it has grown a lot in the 14 years I have been here. There are a lot of opportunities for young people and young families to do a lot of things and stay in Fairfax if they want to."

Karla Eaton, English teacher at Woodson High School, resident for 40 years:

"I love the opportunities and diversity. I love that I can go to Great Falls and hike and then the next day go down to D.C. and a Vermeer exhibit. I also like that I can go to Thai food or Indian food or Ben's Chili Bowl as opposed to an area that is smaller and more limited. I think it's easy to get grumpy about Northern Virginia. We have a lot of traffic and it's expensive to live here, but you don't have to be gone for too long or travel too far to realize there are so many good things about living here. The worst part is people take the area for granted and don't take advantage of all it has to offer."

Janice Miller, part-time travel agent and member of Fairfax City Council, resident for 44 years:

"Basically I like everything about Fairfax City. The reason I like it so much is because it's really a small town in the middle of a big area. I like the fact that we have our own identity and that people coalesce around the fact that we are a small community rather than just being Chantilly or Annandale, we have our own identity separate from Fairfax County. I also love all the great services we offer to our community. We have wonderful schools and a great park system, a really outstanding police and fire department, and overall good government services. The people here are also great neighbors and are always interested in helping each other out."

Scott Silverthorne, Mayor of the City of Fairfax, lifelong resident:

"What I really love about the city is the sense of community. The population of Fairfax city is about 24,000 and we are surrounded by a county of 1.1 million, so we definitely have a feel of a small town but all the attractions and amenities of a large metropolitan area. Outside of the city we have access to good transportation, tourist sites, and museums and Washington D.C. Here in the city we also have our own share of these things, arts and culture, historic sites, parks and events. That is what makes Fairfax City such a great place to live. I think the city is on the cusp of some major excitement and change that is currently underway. As Mayor one of the things I take great pride in all of the events we put on in the city. There is a special event in the City of Fairfax almost every other month and I think that is what sets us apart from the county."

Mandy McCarthy, retired, resident for 40 years:

"I love it here, the neighbors, the neighborhood, the pools and the schools, I love all of it. It's all very convenient, nothing is too far away and there is so much to do. Over the 40 years I have been here the area has become much more diverse, the variety of restaurants and attractions are fantastic. I also love all of the Nail Salons that have opened in the area. Fairfax is located in a great place, we can go see a Nationals game or a Wizards game and only travel about 30 minutes. At the same time you can drive south for less than an hour and be in the mountains. Fairfax also offers very good services for the disabled and I think that is why a lot of people stay here. Most of all this has been a great place to raise my nine children. The area is extremely safe and my children all loved growing up here. They have enjoyed it so much that eight of them have come back to raise their families here."

Ruth Dimon, Northern Virginia Community College student, resident for 19 years:

"One of the best things of Fairfax is all of the different people I have met here. The diversity of the area has exposed me to different kinds of people and cultures that I have had the pleasure of learning from and interacting with. As a student it has been a lot easier for me to meet different people and I think that diversity in schools is really important. There are a lot of really great schools in the area too, I especially think we have good elementary schools. The elementary schools do a good job at exposing kids to different things and encouraging creativity at a young age."

What is the Best Thing About Living in Fairfax and Why?

Cody Kendall, Box Office supervisor, resident for 23 years:

"My favorite thing about living in Fairfax would be being relatively central to D.C. You're not too far from the greatest city in the United States. But, as far as Fairfax in general, it's a great place for families. It's a nice and safe environment. I had no problems whatsoever growing up here. There are a lot of things to do around Fairfax."

Dennis Scott, retired, resident for 30 years:

"It's kind of difficult to answer my favorite thing about Fairfax. I guess we like the county so much because there are so many different things to do here. I guess the unique experience would be that it's so closely located to the District itself, which has everything you could want. We used to enjoy going over to the Smithsonian and other sites. We'd always take family members that came up, and everyone that's ever come to this area have always said how much they enjoy it and how much they themselves wished they lived here. It's centrally located for one thing. The community here is extremely nice, the crime isn't that high, the people who live here are open and friendly, and we just enjoy everything about it."

Paula Izadpanah, registered dietician, resident for 16 years:

"We like this area because it's very multicultural and very diverse. There are a lot of things besides going into D.C. to do around here, such as community activities, parks and recreation. We really like Fairfax County Parks & Recreation and Burke Lake Park, and all of those things that are available in those locations. There's Frisbee golf, walking around the lake, bicycle trails, and a lot of other things to do around those facilities."

Kimberly Sanders, preschool teacher, resident for 39 years:

"It's been a unique opportunity to grow up in the same house where I'm raising my own family. I've seen Fairfax change from a fairly small area, when Braddock Road was one lane going each way to the West, and Chantilly was going out into the boonies, and nobody went to Manassas because there was nothing out there. Now, the community, this area has just grown exponentially. Fairfax has great schools, great things for families, and its proximity to Washington, D.C. allows us to have some really great opportunities that you don't get elsewhere. The Smithsonian Institutions, all of the national parks like Wolf Trap Foundation for the Performing Arts, even the county parks, the Fairfax County Park Authorities, parks like Burke Lake, Wakefield, South Run; all of those make it a really rich community for families and children. In my neighborhood community, Kings Park West, I love the local schools, Laurel Ridge and Robinson, with their outstanding teaching staff."

From Mirza Kurspahic's 2006 profile for The Connection's Top 100 Athletes: "Teamwork and defensive brilliance defined the high school and college basketball careers of Tommy Amaker, a 1983 Woodson grad. His basketball mind took him from Woodson to Duke as a player, and from Duke to Seton Hall to the University of Michigan as a coach.

"Tommy Amaker is the best pure point guard to ever play in Northern Virginia," said Red Jenkins, the former Woodson coach, and one of the winningest coaches in high

school basketball with more than 600 wins."

v20. Andy Heck, a 1985 graduate, was a two-way football standout for the Cavaliers. He went on to play tight end and offensive tackle for Notre Dame, winning a national championship with the Fighting Irish after the 1988 season. The Seahawks selected Heck in the first round of the 1989 draft.

Gymnast Rachel Barborek won the Conference 6 all-around champion. The softball team finished 15-8 and reached the region quarterfinals.

From The Connection's Top 100 Athletes:
v45. Billy Pulsipher, a 1991 graduate, was a baseball star for the Rebels.

The New York Mets selected Pulsipher in the second round of the 1991 MLB Draft and he joined fellow young pitchers Paul Wilson and Jason Isringhausen to compose the trio known as "Generation K." Injuries, however, would slow Pulsipher's career. From 1995 to 2005, he pitched in parts of six seasons at the MLB level, producing a 13-19 record with a 5.15 ERA.

From Mirza Kurspahic's 2006 profile for The Connection's Top 100 Athletes: "He gave up a full scholarship to Old Dominion University in order to sign with the Mets. While in high school, the left hander was contacted by every one of the 26 Major

League teams. His father said it was not difficult for Pulsipher to make the decision to go to the pros instead of college. He said teams made lucrative offers, and promised to secure Pulsipher's education as well."

v66. Larry Fones, a 1948 graduate, was a three-sport star for the Rebels. He played football, basketball and baseball at Fairfax, and went on to play football collegiately at William & Mary.

v86. John Curtis, a 1988 graduate, was a standout wrestler for the Rebels. He competed collegiately at the University of Virginia.

vBrandon Royster, a 2000 graduate, was a star running back for the Rebels. He played collegiately at Stanford University.

3. Allen Johnson, a 1989 graduate, was a state-champion track athlete for the Bru-

ins. He went on to win NCAA titles and an Olympic gold medal.

From Mirza Kurspahic's 2006 profile for The Connection's Top 100 Athletes: "Not to say that Johnson lacked standout track athlete status at Lake Braddock, and not that three individual state titles won in high school are an easy feat to accomplish, but they pale in comparison to what he went on to do afterwards. Johnson went on to win college titles at the University of North Carolina and Olympic gold in Atlanta in 1996.

He was a seven-time U.S. outdoor champion, a four-time world outdoor champion, a four-time U.S. indoor champion and a three-time world indoor champion."

4. Mia Hamm, a 1989 graduate, is one of the greatest women's soccer players of all time. She played at Lake Braddock for one season after transferring from a high school in Texas, and helped the Bruins win the 1989 state championship. From Kurspahic's 2006 profile for The Connection's Top 100 Athletes: "She is a household name. Across the globe, girls who play soccer strive to be her, while female athletes who play other sports look up to her. Mia Hamm is the face of women's soccer and an advocate of women's sports."

10. Hubert Davis, a 1988 graduate, was a basketball and football standout for the Bruins. He went on to play hoops at the University of North Carolina before the New York Knicks selected him in the first round of the 1992 NBA Draft. From The Connection's Top 100 Athletes:
v7. Rob Muzzio, a 1982 graduate, was a track and football standout for the Rams. He attended George Mason University and became the first decathlete to win back-to-back national championships.

From Mirza Kurspahic's 2006 profile for The Connection's Top 100 Athletes: "Muzzio took interest in track and field in eighth

grade gym class. He said he had fun throwing the discus and the shot put. However, when he began his high school competition, Muzzio said it did not appear he would get big enough to really compete in those events. He said his coach at Robinson, Maynard Heins, saw the potential in Muzzio, so he began to teach him proper technique for different events. He said Muzzio would have to do all of the events, not just one.

However, Muzzio went on to win state and other titles as a discus thrower. He won the Virginia State Outdoor discus titles in 1981 and 1982. In 1981 he became a National Junior Olympic Discus Champion and in 1982 he won the Dogwood Relays Discus Championship.

That same year, Muzzio became the U.S. Junior National Decathlon Champion in Indiana, and then a Junior Pan American Games Decathlon Champion - setting the new record for the championship - in Venezuela.

v9. Chris Warren, a 1985 graduate, was a standout running back for the Rams. He played collegiately at the University of Virginia and Ferrum College before the Seattle Seahawks selected him in the fourth round of the 1990 NFL Draft. He played 11 seasons with the Seahawks, Dallas Cowboys and Philadelphia Eagles, earning three trips to the Pro Bowl. In 1994, he rushed for 1,545 yards and nine touchdowns with Seattle. The following season, he ran for 1,346 yards and 15 touchdowns.

v38. Mike Imoh, a 2002 graduate, was a standout running back for the Rams. He rushed for 2,077 yards and 28 touchdowns as a senior and helped Robinson capture the 2001 state championship. He played collegiately at Virginia Tech.

v65. Bob DeProspero, a 1981 graduate, was a three-time state champion wrestler for the Rams.

vMeghan McCarthy, a 1992 graduate, was a state-champion runner for the Rams.
