## Welcome

Dear Readers:

This week, the Gazette Packet turns over its pages to the youth and students.

We asked principals and teachers from area schools to encourage students to contribute their words, pictures and photos for our annual Children's Issue.

The response as always was enormous. While we were unable to publish every piece we received, we did our best to put

together a paper with a fair sampling of the submitted stories, poems, drawings, paintings, photographs and other works of art. Because of the response, we will continue to publish more artwork and writings throughout January.

We appreciate the extra effort made by school staff to gather the materials during their busy time leading up to the holidays. We'd also like to encourage both schools and parents to mark their 2015 calendars for

early December, the deadline for submissions for next year's Children's Gazette Packet. Please keep us in mind as your children continue to create spectacular works of art and inspiring pieces of writing in the coming year.

The children's issue is only a part of our year-round commitment to cover education and our local schools. As always, the Gazette Packet welcomes letters to the editor, story ideas, calendar listings and notices of local events from our readers. Photos and

other submissions about special events at schools are especially welcome for our weekly schools pages.

Our preferred method for material is e-mail, which should be sent to [gazette@connectionnewspapers.com](mailto:gazette@connectionnewspapers.com), but you can reach us by mail at 1606 King Street, Alexandria, VA 22314 or call 703-778-9415 with any questions.

### POETRY

#### Glass

a simple prism  
refracting ordinary light  
to magnificent rays of color  
flaws that bring  
jagged edges  
underneath  
a glass charm  
that my sister wears  
reflects dazzling light on me  
let it stay strong  
let us be the ordinary light  
let us be refracted  
as beautiful rays of color  
let the glass bring out the best  
of our brothers and sisters

— JAY CUNNINGHAM,  
GRADE 7

#### "Creativity Flows"

It is barren, flat, and still.  
the cracked desert drought  
is begging for water,  
one small drop of rain is all it needs.  
Too often the mind is like that desert,  
empty, needing one small stream  
to get the ideas flowing.  
That tiny thought begins to bubble,  
gurgle,  
and ripple into a torrent of ideas.  
The sound of the rushing waters  
speaks for what is inside the mind.  
Splash! Ideas swirl, crash, and expand.

Soon they swim steadily  
wave after wave forming a rhythmic beat.

That one, tiny drop of rain  
has transformed the desert drought  
into a deep, vibrant ocean of ideas.

— FREDERICK GEHLHOFF,  
GRADE 7

an explosion of creativity  
splattered on a blank canvas  
every color imaginable  
brush strokes and polka dots  
dreams come to life  
unique ideas flying through the mind  
memories and hopes  
beauty emerging from nothing  
wishes for the future  
friendship and love  
the greatness of the world

## WRITINGS

### The Magic Flute Inspires Students

On Wednesday, November 19, 2014 my class went to The Magic Flute opera. It was a lot of fun. Before we went on their field trip our teacher read us the book. The opera has a lot of songs. James liked Prince Tamino's song. Davis said, "I liked it when they killed the dragon!" Willem liked how the magical instruments, bells and flute, sparkled. Langston liked how the Queen of the Night turned into Papagena. The actress played both parts because they were not on stage at the same time. Our class was very surprised that they didn't have Monostatos or Sarastro. If they had those characters it would have been 3 hours long.

— OLIVER MILLER, 8, GRADE 3

### The Monarch's Adventure

Our class took care of the monarch butterflies this fall. First we took care of the monarch's eggs, and then the eggs hatched and caterpillars came out. They eat and eat and eat. They eat a lot and shed their skin about five times. The fifth time is the hardest time because they make their chrysalis. When it is black the butterfly flies out. They eat for two whole weeks and then they make their "j". The "j" has a silk button. Then they do the pupa dance. The pupa dance is a dance that they do to take off the old skin and wiggle into their chrysalises.

They are in the chrysalis for 11 days. Nobody should touch the pupa because it will transform to a monarch butterfly. Then the new butterfly holds onto chrysalis to dry their wings. This helps them to fly and get ready for their migration. Monarchs go about 2,500 miles all the way to Mexico to stay for the winter. They even may start in Canada and fly all the way to Mexico. But they do stop to get nectar. Their stomachs must be full so they can keep going. We raised over 50 monarchs from eggs to adults. We tagged 48 adult Monarch butterflies and released them. We hope they make it to Mexico.

— JAMES MCCAIN, 8, GRADE 2 & JAMES EWART, 8, GRADE 2

### 2014 Upper Elementary Thanksgiving Ode

We are thankful for Earth, for it is reliable. It provides us with all the Materials needed for life. It is our home of love, comfort, and safety.

We are appreciative of our education and the arts because they allow us to be creative and express ourselves.

We are grateful for sports and games to play. As well as, family, friends, and pets with whom to play these games.

### Walking for People in Our Community

Aquinas students have been helping United Community Ministries for nine years. First someone from UCM came to talk to us, her name was Diane. We learned that cereal is one of the food that UCM can take to feed homeless people. We had a Help the Homeless Walk on October 31. We walked around the perimeter of the school holding signs that said Help the Homeless. We did it to remind people to help homeless people. We raised money for UCM. "The students of Aquinas Montessori are pleased to have raised \$950 for the homeless in our community" said Beth Lovell, coordinator for the Aquinas walk. During the walk we wore t-shirts that said Help the Homeless. "I liked making the shirt and I liked raising money for people who don't have enough" said Oliver age 8.

— MAX MATHEWS, 7, GRADE 2 & ADELIN BECKHAM, 8, GRADE 3

### We Found Sandy the Snake

We have a snake living in a cage in our class. We voted for names and sandy won. The snake is black and brown, it eats worms and drinks water. "It wasn't hard," said Oliver who caught the snake on the steps outside our classroom. James was the one who found it. "Mom, that's not a worm that's a snake!" he said. Sandy is around 23 cm long and almost 1 cm wide. "At first it looked like a big worm" he said, "but then I saw its tongue flicker and worms don't have tongues."

People really like the snake. "I like how they can grow big," said Mason "I'm glad that we have a snake," said Jake

"I like seeing it put its head in the rock," said Langston

"I like how it lifts its head really high," said Max

#### Obituary

#### John Alfke Campbell,

beloved father and faithful friend, died on Monday November 24, 2014 in Alexandria, Virginia. John is survived by his two daughters, Barbara C. Holt of California and Elizabeth C. Wilmot of Virginia. He will be deeply missed by his grandchildren, Lauren G. Wilmot and Jack Holt and his son-in-laws, Peter Adler and David Holt. He is predeceased by his wife of 63 years, Janet Campbell.

He was born in Bronxville, New York in 1924. He attended Middlebury College for a short while before enlisting in the Army Air Corps. He was a bomber pilot in World War II. He was a 1st lieutenant who flew 35 missions in a B-17. He earned the Distinguished Flying Cross and an air medal with 3 clusters plus 6 battle stars.

When he got out of the service he went to Columbia University on the GI bill where he met his future wife. He earned both his undergraduate and his Master's degree from Columbia.

He made his living as a salesman which was a career he was perfectly suited for as he could charm anyone into anything and made everyone who knew him feel special. He retired from Lord Abbett, a mutual fund company on Wall Street, having risen to the position of national sales manager. He and his family lived in New Canaan, CT for 40 years before retiring to Lake Placid, FL. He spent his summers at a cottage in the 1000 Islands. He moved to Virginia after the death of his wife to be with his daughter.

In Connecticut, he was active in the Senior Men's club and ran the Saint Marks Fair for many years. He was a fabulous bridge player having played on the train to New York City and he was in much demand as a bridge partner. He was an avid investor who carefully watched the market and was part of the "Ticker Club" in Florida. He loved music and the outdoors. He enjoyed skiing, hiking, fishing and travelling.

He was an outgoing man who found the best in every situation and the best in every person. He always had a twinkle in his eye, a smile and a kind word. He was a true gentleman. He is already deeply missed. A service was held for him at Paul Springs Retirement home and he will be interred at Arlington National Cemetery at a later date. Donations in his name may be made to the Church of the St. Lawrence in Alexandria Bay, NY.

An expert is someone who knows some of the worst mistakes that can be made in his subject and how to avoid them.
