Take a Glimpse into a Hollywood Inspired Master Bathroom Remodel

The Master Bathroom is the place where most of us start our day. It sets the tone. A bathroom that is organized and has a calming, spa-like feeling in the design can help you prepare for your day in a pleasant and streamlined fashion that can help you become more successful in your life. Recently, a couple came to Abbey Design Center knowing they needed to upgrade and change their master bathroom. They wanted a more open and organized structure that fit their needs. They commissioned Abbey Design Center to remodel their master bathroom and create a functional bathroom space with ample storage which was warm, inviting and included luxurious hints of Hollywood glamour.

The Northern Virginia homeowner's bathroom renovation wish list included more storage, better accessibility, a larger shower and that "Hollywood"

style. Once Abbey's designers knew what their clients wanted, they also knew exactly what had to be removed and revised from the current space. Abbey's professional redesign of the bathroom floor space made it open and functional. They accomplished this by removing the corner tub and tearing down the wall separating the existing water closet. This opened the room up to bring a more organic flow to the space. These seemingly small changes made a big impact and showed off an enlarged open floor plan for the bathroom.

Abbey Design Center's professional team of craftsman then installed a vanity to replace the corner tub and enhanced the space with a custom-built cabinet bench with a quartz top. This luxurious touch also provided extra functional seating and storage. The shower was then enlarged and took over the space that

was once an enclosed water closet. The smaller, dated bathroom vanities were replaced with two tall cabinets that made a dramatic visual impact as well as giving the homeowners even more storage for bathroom essentials. Lastly, new built-in linen cabinets were installed to accommodate the spa essentials of any Hollywood inspired retreat.

Finishing touches like the natural textured stone tiles and warm desert color palette brought this glamorous California dream to life. The result was an earthy and organic luxury spa-like bathroom that this couple was happy to enter into and start their mornings in each day. Abbey Design Center took their project beyond expectations to deliver this project. Let Abbey help you turn your house into a home that you will be happy to come home to each day.
