Ceremony to Honor Richard Bland Lee

The Daughters of American Colonists (DAC) will erect a marker to Richard Bland Lee at the Sully Historic Site in Chantilly. The ceremony is set for Wednesday, Oct. 30, at 11 a.m., under a tent at the visitors' center at 3650 Historic Sully Way.

Lee, who was born in 1761 and died in 1827, owned the former Sully Plantation on that land and built the house that's there. He was also Northern Virginia's first rep-

resentative to Congress.

DAC member Jan Welch, of Little Rocky Run, said the DAC is a genealogical society that helps people understand what happened at historic sites. "This group focuses on people who lived in the 13 colonies, and almost all my ancestors were here during that time," she said. "My chapter is called the Richard Bland Lee Chapter of the National Society, Daughters of American Colonists."

During the ceremony, said Welch, "We'll put up a big, multi-colored plaque on a stand to tell who Richard Bland Lee was and what happened on that site." The sign, which will be an interpretive one, was developed in partnership with the Fairfax County Park Authority. Following the sign dedication, refreshments will be served. And those who wish to tour the historic house may do so.

Car Seat Safety Check. 9:30 a.m.-12:30 p.m. at the Sully district police station, 4900 Stonecroft Blvd. Fairfax County Police Department offers free safety check and install events throughout the year to ensure children travel safely. In preparation for inspection, install the seat using the instructions that came with the car seat. Trained officers will review the car seat instructions and car owner's manual to be certain that they are being followed as they should.

Transportation Meeting. 7-9 p.m. At Ox Hill Baptist Church, 4101 Elmwood Street, Chantilly. Fairfax County Department of Transportation will hold a second round of community input meetings and engagement opportunities to encourage public input on alternatives developed to provide enhanced Fairfax Connector bus service in the Reston and Herndon areas, including connections to the future Metrorail Silver Line Phase 2 stations in Herndon and Reston. The service alternatives were developed based on public input received through community engagement earlier this year, stakeholder engagement and technical analysis. After this round of public engagement, FCDOT staff will develop a preferred service plan to provide better access to destinations, improved travel times, increased schedule reliability and more dependable service. The community will have an opportunity to review and comment on the preferred service plan in early 2020.

OPINION

Speaking Truth About Redistricting

School boundary changes can be in the taxpayer, school management, and students' best interest.

BY ADAM SIEGEL

Rumors, confusion, and fears about school redistricting are rampant in this year's School Board election campaign. For whatever reasons, some seem intent on misrepresenting the situation. Writ large, people resist change they don't understand and are passionate in defending their children. These misrepresentations seem intent on stoking parents' emotions through promoting fears of harms to their children's lives and futures. And, sadly, conversations I've had with neighbors and acquaintances indicate these disinformation efforts are having an impact and suggest that stepping back to look at basic realities of redistricting consideration is warranted.

As a small background, for seven years I served on the Fairfax County School Board's Facilities Planning Advisory Council (FPAC). The School Board formed FPAC a decade ago after the very contentious decision to close Clifton Elementary School. From its start, FPAC has struggled to provide thoughtful advice and perspectives to the FCPS staff and School board about boundary issues.

The truth is that FCPS boundaries are complex, often involve legacy issues from decades ago, and are far from optimum in fiscal, building use, traffic congestion, and student health and performance terms.

For years, a standing FPAC joke was that we

lock one of our members (a senior State Department facilities planner) in a room for 24 hours with a red pen and he'd come out with a solution to all these problems. That "let the expert be expert" approach, however, simply wouldn't be practical due to reality that these decisions can involve the lives and passions of thousands of people who will speak up, forcefully, to their elected representatives.

The FPAC sought to help FCPS toward a reasonable approach to redistricting. We had, in shorthand, some basic principles that guided our thinking:

COMMENTARY

❖ Seek to reduce bus transportation: All things being equal, spending more time on buses hurts student health and educational achievement. Can redistricting lead to more walking (going to local schools) and shorter bus rides?

❖ Foster continuity: All things being equal, student mental health and educational achievement is stronger when students move through school with people they know.

❖ Optimize building use: All things being equal, students perform better with schools "at" (rather below or over) capacity.

As an example, let's look at the existing McLean High School/Longfellow Middle School and Langley High School/Cooper Middle School. Right now, McLean and Longfellow are overcapacity (with more crowded hallways and students in trailers) while Langley and Cooper at under capacity (with fewer students and resources than what

the schools are designed to handle). A major contributor to this situation is one of FCPS's largest "islands" that sends about 20 percent of Spring Hill Elementary students to McLean/Longfellow rather than to Langley/Cooper, where the vast majority of Spring Hill students go. Addressing that "islanding" answers affirmatively all three of the core principles: better building use; continuity of cohorts; and reduced time on buses. If acted on, the community would have lower costs, reduced traffic on congested streets, and improved outcomes at all four schools. And, students would (writ large) be healthier and have higher educational achievement. While this doesn't mean that "island" should be washed away, these real benefit streams should be part of the discussion.

Amid the school board race, some are trying to stoke fears that children might be ripped from their schools and bused to the other end of Fairfax. Honestly, I have yet to find any serious player in school planning discussions who advocates anything like this. In fact, I have uniformly encountered thoughtful and informed examination of complicated issues with people striving to come up with paths forward that will serve everyone's — especially students' — interests.

We like continuity, fear change, and fiercely want to protect our children. School redistricting discussions hit like a bombshell on these accounts.

Misinformed (if not malicious) rumors are throwing gasoline into the situation and inhibiting moves to solve real challenges.

Redistricting can be in the taxpayer, school management, and students' best interest. Let's have an honest engagement to foster better use of our tax dollars with happier and more successful students.

LETTERS TO THE EDITOR

Endorsing Fahey for Commonwealth's Attorney

To the Editor:

We are the three Deputy Commonwealth's Attorneys for Fairfax County. Collectively, we have over 40 years of experience prosecuting criminal cases in Fairfax. We have prosecuted cases against some of the County's most dangerous predators, while being responsible for training and supervising dozens of Assistant Commonwealth's Attorneys. We write today, to endorse Jonathan Fahey, Independent candidate for Commonwealth's Attorney. Jonathan is a not an

ideologically driven politician. He is a pragmatist, and a widely experienced prosecutor who will build on our many successes in reducing crime and helping crime victims while working to fix the shortcomings in our system.

Earlier this year, Ray Morrogh, the veteran and well-regarded incumbent Fairfax Commonwealth's Attorney, was narrowly defeated in the Democratic primary by a can-

didate funded mainly by hundreds of thousands of dollars of out-of-state PAC money. That candidate has no experience with Virginia law or Virginia's courts, in which he has never practiced. He was a tax prosecutor for the federal government who now works in the field of behavioral health. He ran on a "reform" platform that has taken over in cities such as Philadelphia and Chicago — jurisdictions that continue to be plagued by a level of crime we want to keep at a considerable distance.

On his first day, the Commonwealth's Attorney must be ready and able to make decisions on complex criminal matters including murder, sexual assault, robbery and, occasionally, police misconduct cases. He must mentor new assistants, and must be steeped in the traditions and mores of the Fairfax County courts — traditions that have brought us both safety and respect. Jonathan is such a person; his opponent is

not.

That is why, as current members of the Fairfax Commonwealth's Attorney's Office with over 40 years of prosecutorial experience among us, we give Jonathan our strongest endorsement. Jonathan has almost 20 years' experience as a prosecutor trying cases at the Virginia state and federal level. He will be ready the first day. Jonathan worked in this Office and then at the United States Attorney's Office for the Eastern District of Virginia in Alexandria. He is endorsed by Democrats and Republicans alike, and is thus the only candidate in the race with bipartisan backing. He is also endorsed by law-enforcement groups in the County. He is running as an Independent because he believes the position of chief law enforcement officer for the County should be, and under his leadership it will be, set apart from political influence or ideological extremes.

As longtime members of this Of-

fice, serving under proud Democrats Bob Horan, Jr. and Ray Morrogh, we know sensible, hardworking, dedicated prosecutors when we see them. Jonathan Fahey is that candidate in this race. Without Mr. Fahey, the Office is certain to lose some if not most of its valuable, experienced prosecutors — prosecutors who've fought hard for crime victims while striving to ensure defendants are treated fairly and respectfully. On Tuesday, Nov. 5, please vote to continue the first-rate Commonwealth's Attorney's Office that our County has enjoyed for more than half a century and cast your vote for Jonathan Fahey.

Chief Deputy Commonwealth's Attorney for Fairfax County

Tahj Summey #11, Caleb Wheatland #8 celebrate ET Bushra's touchdown.

Bulldogs Beat Cougars 51-7, Improve to 7-0

The Westfield Bulldogs improved to a record of 7-0 (2-0) after defeating the Oakton Cougars (2-6; 0-2), 51-7. Westfield will play the Centreville Wildcats (4-3; 1-0) next. Oakton will take on the Chantilly Chargers (6-1; 0-1).

In the first quarter Westfield took a 7-0 lead when Mikal Legall rushed for a 4-yard touchdown with 9:33. Then Jalen Vines would scoop up an Oakton fumble and burst to the end zone, just 18 seconds later. Westfield would sack Oakton in the end zone and the score was now 16-0. On the ensuing kickoff from Oakton, Westfield's E.T. Bushra would take the kickoff 70 yards in for a Westfield score the lead growing to 23-0, with still 8:06 to play in the opening quarter. Nearly 4 minutes later Westfield was in the end zone again when Avery Howard took pass from Noah Kim for a 15-yard TD reception. Max Ahiakpo would block a punt by Oakton and teammate Caleb Wheatland scooped it up in the end zone for another Westfield score, the lead now 37-0 with 45 second to play in the opening quarter.

In the 2nd quarter Westfield's Mikal Legall would run in for a score from 31 yard out, the lead now 45-0.

In the 3rd quarter Eli Soto's 27-yard touchdown reception would cap the Bulldogs scoring for the game, scoring 51 points.

The Cougars however would not be shutout. They would score later in the quarter when Marvin Coon Jr, scored the only points of the game on the board for Oakton with a touchdown reception.

**NOTICE TO THE PUBLIC OF
AN APPLICATION BY VIRGINIA ELECTRIC AND POWER COMPANY FOR APPROVAL
AND CERTIFICATION OF ELECTRIC FACILITIES: LOUDOUN-OX
230 KV TRANSMISSION LINE PARTIAL REBUILD
CASE NO. PUR-2019-00128**

On August 13, 2019, Virginia Electric and Power Company d/b/a Dominion Energy Virginia ("Dominion" or "Company") filed with the State Corporation Commission ("Commission") an application for approval and for a certificate of public convenience and necessity to construct and operate electric transmission facilities in Loudoun, Prince William, and Fairfax Counties, Virginia ("Application"). Dominion filed the Application pursuant to §56-46.1 of the Code of Virginia ("Code") and the Utility Facilities Act, Code §56-265.1 *et seq.*

Dominion proposes to rebuild, entirely within an existing right-of-way or on Company-owned property, five separate segments of its existing 230 kilovolt ("kV") transmission Lines #2173, #295, #265, #200, #2051, #2063, #266, and #2008, which are collocated at various points within the existing transmission line corridor between the Company's existing Loudoun and Ox substations ("Rebuild Project"). The Company proposes to:

(i) remove approximately 4.4 miles of existing 230 kV transmission Line #2008 between Structure #2008/1A and Structure #2008/24, retire approximately 8.4 miles of existing 115 kV transmission Line #156 between Loudoun Substation and Bull Run Substation, cut and loop in existing Line #265 into Bull Run Substation as the line passes directly overhead, and perform related substation work at the Loudoun, Bull Run, Mosby, Sully, and Clifton Substations (collectively, the "Loudoun-Bull Run Segment");

(ii) remove approximately 3.9 miles of existing 230 kV transmission Line #2173 on double circuit structures between Structure #2173/1A and Structure #2173/21, remove idle 230 kV transmission Line #1265, and rebuild approximately 3.9 miles of Line #2008 and Line #2173 on new, shared double circuit structures along the Line #2008 centerline between #2008/1A and Structure #2008/21 (collectively, the "Loudoun-Elklick Segment");

(iii) rebuild approximately 4.4 miles of existing 230 kV transmission Line #295 on new double circuit structures from existing Structure #295/21, remove idle 230 kV transmission Line #1265, rebuild 0.4 mile of Line #2008 between Elklick Junction and Dulles Junction on structures shared with Line #295, and rebuild approximately 4.0 miles of existing 230 kV transmission Line #265 between Dulles Junction and Bull Run Substation on structures shared with Line #295 (collectively, the "Elklick-Bull Run Segment");

(iv) rebuild approximately 3.2 miles of existing 230 kV transmission Line #265 on new double circuit structures between Bull Run Substation and Structure #265/4, rebuild approximately 0.6 mile of existing 230 kV transmission Line #200 on structures shared with Line #265 between Bull Run Substation and Pender Junction, and rebuild approximately 2.3 miles of existing 230 kV transmission Line #2051 on structures shared with Line #265 between Pender Junction and Structure #265/4 (collectively, "Bull Run-Clifton Segment"); and

(v) rebuild a combined total of approximately 6.4 miles of existing 230 kV transmission Line #2035 on new double circuit structures and rebuild a total of approximately 6.4 miles of existing 230 kV transmission Line #266 on structures shared with Line #2063 along the Clifton Substation DP section and the Moore DP-Ox Substation section (collectively, the "Clifton-Ox Segment").

Dominion states that the Rebuild Project is necessary to maintain the structural integrity and reliability of its transmission system in compliance with mandatory North American Electric Reliability Corporation Reliability Standards. Further, the Company states that the Rebuild Project will replace aging infrastructure that is at the end of its service life.

The Company states that the expected in-service date for the Rebuild Project is December 31, 2024. The estimated cost of the Rebuild Project is approximately \$67.5 million, which includes an estimated \$59.0 million cost for transmission-related work and approximately \$8.5 million for substation-related work. The estimated cost for each segment of the Rebuild Project is approximately (i) \$8.11 million for the Loudoun-Bull Run Segment, (ii) \$9.65 million for the Loudoun-Elklick Segment, (iii) \$13.14 million for the Elklick-Bull Run Segment, (iv) \$9.72 million for the Bull Run-Clifton Segment, and (v) \$18.35 million for the Clifton-Ox Segment.

The proposed Rebuild Project is located entirely within Dominion's service territory and existing right-of-way in Loudoun, Prince William, and Fairfax Counties.

The Loudoun-Elklick Segment includes replacement of 19 structures, currently ranging in height from 106 feet to 136 feet, with an average height of 124 feet. As proposed, the new structures for the Loudoun-Elklick Segment would range in height from 50 feet to 150 feet, with a proposed average height of 131 feet.

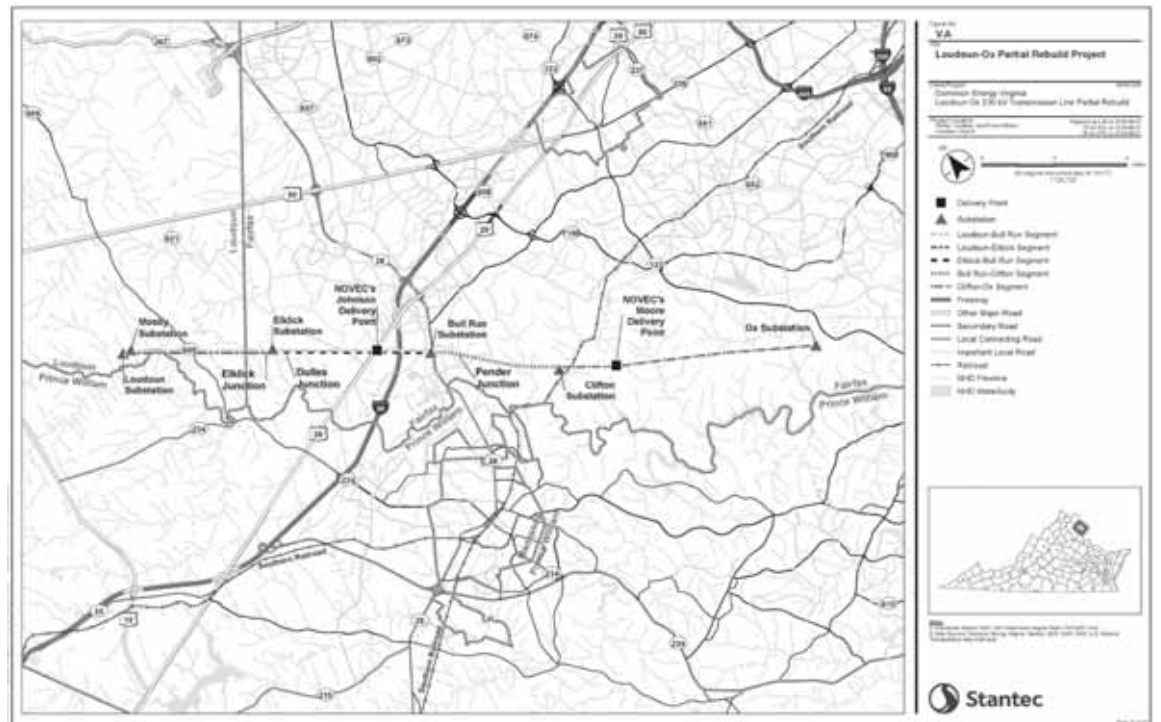

The Elklick-Bull Run Segment includes 2 sections: the Elklick Junction-Dulles Junction section and the Dulles Junction-Bull Run Substation section. The Elklick Junction-Dulles Junction section includes replacement of 4 structures, currently ranging in height from 35 feet to 115 feet, with an average height of 93 feet. As proposed, the new structures would range in height from 50 feet to 125 feet, with a proposed average height of 101 feet. The Dulles Junction-Bull Run Substation section includes the replacement of 24 structures, currently ranging in height from 95 feet to 140 feet, with an average of 117 feet. As proposed, the new structures would range in height from 85 feet to 147 feet, with an average height of 125 feet.

The Bull Run-Clifton Segment includes 2 sections: the Bull Run Substation-Pender Junction section and the Pender Junction-Clifton Substation section. The Bull Run Substation-Pender Junction section includes replacement of 4 structures, currently ranging in height from 109 feet to 151 feet, with an average height of 129 feet. As proposed, the new structures would range in height from 110 feet to 152 feet, with a proposed average height of 132 feet. The Pender Junction-Clifton Substation section includes replacement of 13 structures, currently ranging in height from 101 feet to 134 feet, with an average height of 119 feet. As proposed, the new structures would range in height from 110 feet to 147 feet, with an average height of 129 feet.

The Clifton-Ox Segment includes replacement of 39 structures, currently ranging in height from 101 feet to 158 feet, with an average height of 119 feet. As proposed, the new structures would range in height from 110 feet to 162 feet, with an average height of 130 feet.

All distances, heights, and directions are approximate. A sketch map of the proposal accompanies this notice. A more detailed map may be viewed on the Commission's website: <https://www.scc.virginia.gov/pur/elec/transline.aspx>.

The Commission may consider a route not significantly different from the routes described in this notice without

additional notice to the public.

A more complete description of the Rebuild Project may be found in the Company's Application.

The Commission entered an Order for Notice and Hearing and a Correcting Order in this proceeding that, among other things, scheduled public hearings in Fairfax County and Richmond, Virginia. A local public hearing will be convened on January 29, 2020, at 2 p.m. and 7 p.m. at the Sully District Governmental Center, 4900 Stonecroft Boulevard, Chantilly, Virginia 20151, for the sole purpose of receiving the testimony of public witnesses. The public hearing will resume on April 22, 2020, at 10 a.m., in the Commission's second floor courtroom located in the Tyler Building, 1300 East Main Street, Richmond, Virginia 23219, to receive testimony from members of the public and evidence related to the Application from the Company, any respondents, and the Commission's Staff. Any person desiring to testify as a public witness at this hearing should appear fifteen (15) minutes prior to the starting time of the hearing and contact the Commission's Bailiff.

Copies of the Application and documents filed in this case are available for interested persons to review in the Commission's Document Control Center, located on the first floor of the Tyler Building, 1300 East Main Street, Richmond, Virginia 23219, between the hours of 8:15 a.m. and 5 p.m., Monday through Friday, excluding holidays. Interested persons also may download unofficial copies from the Commission's website: <http://www.scc.virginia.gov/case>.

Copies of the Application and other supporting materials also may be inspected during regular business hours at the following location:

Dominion Energy Virginia
10900 Nuckols Road, 4th Floor
Richmond, Virginia 23060
Attn: Lane Carr, Siting and Permitting Specialist

Interested persons also may obtain a copy of the Application by submitting a written request to counsel for the Company, David J. DePippo, Esquire, Dominion Energy Services, Inc., 120 Tredegar Street, Richmond, Virginia 23219. If acceptable to the requesting party, the Company may provide the documents by electronic means.

Any person or entity may participate as a respondent in this proceeding by filing, on or before December 20, 2019, a notice of participation. If not filed electronically, an original and fifteen (15) copies of the notice of participation shall be submitted to Joel H. Peck, Clerk, State Corporation Commission, c/o Document Control Center, P.O. Box 2118, Richmond, Virginia 23218-2118. A copy of the notice of participation as a respondent also must be sent to counsel for the Company at the address set forth above. Pursuant to Rule 5 VAC 5-20-80 B, *Participation as a respondent*, of the Commission's Rules of Practice and Procedure ("Rules of Practice"), any notice of participation shall set forth: (i) a precise statement of the interest of the respondent; (ii) a statement of the specific action sought to the extent then known; and (iii) the factual and legal basis for the action. All filings shall refer to Case No. PUR-2019-00128. For additional information about participation as a respondent, any person or entity should obtain a copy of the Commission's Order for Notice and Hearing and the Correcting Order.

On or before April 15, 2020, any interested person wishing to comment on the Application shall file written comments on the Application with the Clerk of the Commission at the address set forth above. Any interested person desiring to file comments electronically may do so on or before April 15, 2020, by following the instructions on the Commission's website: <http://www.scc.virginia.gov/case>. Compact discs or any other form of electronic storage medium may not be filed with the comments. All such comments shall refer to Case No. PUR-2019-00128.

All documents filed with the Office of the Clerk of the Commission in this docket may use both sides of the paper. In all other respects, all filings shall comply fully with the requirements of 5 VAC 5-20-150, *Copies and format*, of the Commission's Rules of Practice.

The Commission's Rules of Practice may be viewed at <http://www.scc.virginia.gov/case>. A printed copy of the Commission's Rules of Practice and an official copy of the Commission's Order for Notice and Hearing and the Correcting Order in this proceeding may be obtained from the Clerk of the Commission at the address set forth above.
